MIDIA PORT MAP

BERTHS, GATES AND OPERATORS

Interactive map with search
kran.ro/en/harta-port-midia

MAP LANDMARKS

- 5 Berth
- P1 Parking
- F1 Formalities
- T1 Operator
- GATE 1
- T3 Unconfirmed position
- S1 Service
- 9A No position on the map

GATES

- GATE 1 South-west side
- GATE 2 North-west corner of the north-east basin
- GATE 3 North of the north-east basin
- GATE 4 North of the north-east basin, Cape Midia

The position CN APM publishes is a navigation target, not the barrier.

BERTHS BY OPERATOR

G.S.P. Shipyard Ship and equipment repairs	**10, 11**
Midia International Livestock export. Midia International also advertises bulk and general carg…	**5–8**
Midia Marine Terminal Liquid petroleum products	**1–4, 9A, 9B, 9C**
Octogon Gas & Logistics Liquefied petroleum gas	**GPL**

GETTING TO THE GATE

CN APM publishes four gates for Midia, all open to any vehicle with a ticket. Gates 2, 3 and 4 are around the north-east basin, by berths 1–8. Gate 1 is in the south-west, on the side with the jetty of berths 9A–9C and berths 10 and 11. CN APM does not publish which gate leads to a given berth or operator, so ask the terminal.

OPERATORS

- **T1 Tank farm "Terminal Petromidia"**
  North of the port, near Cape Midia
- **T2 Octogon Gas & Logistics, LPG terminal**
  Plot 4; Berth GPL
- **T3 Midia International**
  Năvodari, Baza Export Animale Vii (livestock export base), Port of Midia · Port operations run 24/7. The office is open Monday–Friday 08:00–17:00 and Saturday 09:00–13:00; closed on Sunday.
- **T4 Midia Shipyard**
  Inside the shipyard
- **T5 Midia Marine Terminal**
  Port of Midia, Berths 1–4, Grup Social building
- **T6 GSP, Midia base**
  Berths 10–11, at the base of the central jetty
- **T7 Offshore marine terminal (SPM)**
  Offshore, about 8.5 km from the shore, to the south-east
- **Mari-Gaz (ButanGas), LPG depot**
  Inside Midia port, Berth GPL

T7 OFFSHORE

Offshore, about 8.5 km from the shore, to the south-east. Not an access point. The dotted frame is the map above.

TRUCK ACCESS

- Every vehicle pays to enter the port. The 24-hour ticket is bought in the Constanța PortALL app, the same as for the Port of Constanța, at the same fees.
- CN APM does not publish whether the Midia gates read number plates or sell tickets on the spot, so buy the ticket before you arrive. Where the barrier does not read the number plate, show the ticket or the QR code to the gate officer.
- The permit regulations require vehicles over 12 t to book in the "Access Constanța Port" app. CN APM does not say whether the booking is also checked at the Midia gates.
- The gate officer registers any vehicle without a permit and checks the transport documents on entry and exit.
- In the port, park only in designated spaces. You may not park on internal roads or in storage areas.

FORMALITIES

- **F1 Midia border crossing point**
  Town of Năvodari, Port of Midia
- **F2 Constanța Harbour Master's Office, Midia Zone**
  Midia, inside the port
- **Constanța Border Customs Office**
- **Midia veterinary exit point**
  On request, according to the list published in January 2025.
- **CN APM vehicle permits, type MB**
  Monday, Tuesday and Friday 10:00–12:00; Wednesday and Thursday 10:00–12:00 and 13:00–15:00, hours published by CN APM.

PARKING

- **P1 Parking near Gate 2**
  North-west corner of the north-east basin

SERVICES, FUEL AND REPAIRS

- **S1 Rompetrol Năvodari**
  Bd. Năvodari 309 (DJ 226 km 20), Năvodari · 24/7, according to the Rompetrol locator.
- **S2 JT Trucks & Bus Services**
  Năvodari, outside the port

WHAT IS NOT PUBLISHED FOR MIDIA

No official or operator source publishes truck parking, a weighbridge, a truck service centre or AdBlue at Midia. Google Maps has a truck workshop, JT Trucks & Bus Services, about 1.75 km west of Gate 1, but its listing could not be verified. The map shows a single parking area, from OpenStreetMap, near Gate 2, with no published rules of use. The nearest fuel station with a source is Rompetrol Năvodari, on the DJ 226, about 1.4 km west of Gate 1. The Rompetrol locator lists neither AdBlue nor truck parking there.

Unofficial Kran guide. Information is indicative; confirm entry with the terminal operator.
